GFG | Leetcode | Portfolio

Course	Institute	Year of Passing	Performance
B. Tech - Computer Science and Engineering	Vellore Institute of Technology, Bhopal	2025	CGPA:8.50
Class XII (PCM)	Standard Public School, Indore	2021	80.1%
Class X	Standard Public School, Indore	2019	76.2%

Technical Skills

Programming Languages: C++, C, SQL, HTML, CSS, JavaScript, TypeScript
Frameworks & Libraries: React, Redux Toolkit, React-Router, Node.js, Tailwind, Express, Mongoose, Axios
Developer Tools & Databases: Git, GitHub, Postman, MySQL, MongoDB, Redis

Work Experience

Suryaion Energies (Suriyaion Energies) || Front-End Role || React.js, Hosteringer, Styling-CSS   **Jan 2025 – May 2025**
- **Designed and developed** a responsive, SEO-optimized website for Surya ION using modern web technologies, enhancing brand visibility and user engagement.
- **Implemented interactive UI/UX features** with HTML, CSS, JavaScript, and React.js, ensuring smooth navigation and a professional user experience across devices.
- **Collaborated with the client** to gather requirements, deploy updates, and integrate dynamic content, improving site performance and meeting business goals.

Job Board (Cognifyz Pvt. Ltd) || Front-End Role || React.js, Node.js, Mongoose   **June 2024 – August 2024**
- Built a fully responsive front-end layout using React, boosting page load speed by 30% and increasing user engagement metrics. Conducted UI testing with Cypress, reducing UI-related bugs by 40% and ensuring consistent, seamless user.
- Enhanced API integration by resolving issues and performing automated testing, maintaining UI stability and preventing regressions.

Projects

Hospital Management System (ZEE Care) || React.js, Node.js, Express.js, MongoDB   **January 2025 – February 2025**
- Created an intuitive, scalable user interface with React and Tailwind CSS, increasing patient record update efficiency by 30% and cutting new staff training time by approximately 15 hours.
- Integrated real-time features for appointment booking, medical record tracking, and inventory management, streamlining hospital operations.
- Implemented advanced login security and user-specific access permissions, customizing controls for healthcare professionals, patients, and staff to enhance system protection and functionality.

Job-Sewa || Node.js, Express, MongoDB, Tailwind CSS, JWT, Axios, Git   **August 2024 – October 2024**
- Designed a high-performance patient portal using Next.js, achieving page load times under 3 seconds and a 90% WCAG accessibility score, improving user satisfaction.
- Created and enhanced amazing profile management APIs, validated using Postman, to support real-time user interactions and ensure smooth data flow between front-end and back-end systems.

Auction Bidding Platform || JavaScript, Node.js, React.js, CSS, React-Router, Modules, Controller   **November 2024**
- Engineered a responsive UI with React and Tailwind CSS, ensuring cross-device compatibility and delivering an intuitive experience for auctioneers and bidders.
- Implemented real-time bidding functionality and state management, testing APIs with Postman and Jest to ensure data integrity and optimize back-end performance.

Certifications

- Google Cloud Computing Foundation Verify
- MERN Full Stack Completion Certificate Verify
- Postman API Fundamentals Student Expert badge! Verify

Extracurricular Activities

- Completed Hacktoberfest 2024 with 4 approved pull requests, contributing to open-source project improvements. Verify
- Earned 30+ badges in Google Cloud Practitioner. Verify
- 1st Position (ANUVRAT NATIC GYAAN) with exceptional Teamwork (National Singing Competitions).
- Secured 4th position in the C++ OOPs Programming Competition in Indore.

Responsibilities

- PR Lead (PR Team and Outreach Team) - Hindi Club   **March 2023 - JULY 2024**
- Hosted event during AdVITya (Annual University Festival) - Event Name: RangUthsav, Kavyanjali and Utsav-Utsav.
